FROM YOUR PRESIDENT

Dear MVR Members:

Well the time has come! As of this writing on the 4th of August, we have 167 vehicles registered, 165 for the boat ride, and 244 participants for the banquet. That's a good turnout and more than the Grand National had in Independence. WE ARE GOING TO NEED ALL OF YOU TO PARTICIPATE.

We need help for Trailer/Show Car Parking, Show Day Car Parking, Merchandise Sales and someone to sit behind our membership table and Merchandise Sales. Merchandise Sales are inside the lobby on Thursday and Friday, and in the Waterfront on Saturday so weather/heat won't be a problem.

Again:

Trailer Parking Wednesday, Thursday, Friday and Saturday Morning – contact Jim Conrad 309-269-1079 or 309-797-5750

Merchandise Sales – contact Gary Phieffer - 309-752-9798

Show Day Morning Parking – contact Jess Hanson 309-558-5630

Otherwise please come and be hosts for our

event. People are coming from all over the countryside. Many of our National Directors and our National President Tom Cox will be here. Meet them, attend the Round Table on Friday, and ask questions that you may have regarding AACA and its future. TELL YOUR FRIENDS about the meet and have them attend. The earliest car that we have registered is a 1900 Sears up to 1992 vehicles. Nowhere can people see automotive history through the years better than here. There will be free Model T rides courtesy of Jim Smith, a display by the Etheridges of the Knight engine, and 167 other vehicles.

After this I plan to take a very deep breath. I know I can count on all of you. You are the ones that benefit from this meet so let's make it a success. Come, enjoy, and make it fun, not work!

Mary B

AUGUST AACA BOARD MEETING

(Please note that the June and July minutes in the last newsletter were inadvertently switched. June's minutes were incorrectly listed as July's and vice versa. We apologize for the error. –editor)

AUGUST 2, 2017

Butterworth Center, Moline, Illinois

Present:

Mary Bartemeyer, President
John Brewer, Vice President
Gary Gleason, Treasurer
Jan Brewer, Secretary
Dick Perry, Past President
Fred Bartemeyer, Board Member
LaVonne Gleason, Board Member
Sharon Hoaglund, Board Member
Gary Smith, Board Member
Jim Smith, Board Member
Gary Wright, Autograf editor

Absent:

Jesse Hansen - Board Member

The meeting was called to order at 7:00 PM by Pres. Bartemeyer.

Minutes:

A motion was made and passed to approve the June and July 2017 minutes.

Treasurer's Report:

Treasurer Gleason gave the monthly financial report. The report will be filed for future audit.

Sunshine: Numerous cards were sent out.

Roster: Nothing to report.

Membership: Nothing to report.

Web Master: Being updated on a regular basis.

Historian: Nothing to report

Old Business:

The annual breakfast was held at Stevenson Park. Attendance was down from previous years. There was a good turnout at the National Meet informational meeting.

New Business:

There was discussion about the newsletter being e-mailed and that it has caused some members to miss activities since we have changed to e-mail.

The vintage football game has been changed to October in cooler weather.

Motion made and approved to adjourn meeting at 7:16 PM.

Submitted by *Jan Brewer*, Secretary

Dear MVR members:

I was approached by a member concerned that some of our members were missing club events because without a hard copy of the newsletter in front of them (*many do not print out the e-Autograf or even just the events page*), It's easy to forget upcoming events. As editor, I recognize that it is cost prohibitive not to mention time-consuming to return to the former practice of sending a hard copy to each member. I am, however, willing to send reminders in the following ways. **You are welcome to choose all three if you wish!**

- ◆ E-Mail
- ◆ Text Message
- ◆ Robo-call (an automated telephone call that delivers a recorded message)

The first two can be accomplished without cost. The third option (*the robo-call, can be accomplished at a small charge, but quite a bit less expensive than a postcard mailing and much less time consuming. Cost is 8¢ per call vs. 34¢ for a postcard mailing—less than ¼ the cost!*)

Option 1:

- I would like to receive a text message reminder of club events. (*Please provide your cell phone number, and check the box next to your cell phone carrier so that I can set up an automated list.*)

My cell phone number is (do not list a landline): (_____) _____ - _____

My carrier is:

- | | | |
|--|---|--|
| <input type="checkbox"/> AT&T | <input type="checkbox"/> Boost Mobile | <input type="checkbox"/> U.S. Cellular |
| <input type="checkbox"/> T-Mobile | <input type="checkbox"/> Cricket | <input type="checkbox"/> Consumer Cellular |
| <input type="checkbox"/> Verizon | <input type="checkbox"/> Ptel | <input type="checkbox"/> C-Spire |
| <input type="checkbox"/> Sprint | <input type="checkbox"/> Republic Wireless | <input type="checkbox"/> Page Plus |
| <input type="checkbox"/> Virgin Mobile | <input type="checkbox"/> Google Fi (Project Fi) | <input type="checkbox"/> Other (specify) _____ |
| <input type="checkbox"/> Tracfone | <input type="checkbox"/> Suncom | |
| <input type="checkbox"/> Metro PCS | <input type="checkbox"/> Ting | |

Option 2:

- I am interested in receiving a robo-call before upcoming events. Please route the call to this number (*cell or landline is permissible here*):

(_____) _____ - _____

Option 3:

- Please send reminders via e-mail. My e-mail address is:

_____@_____

Please return this completed for to any MVR board member. Thank you.

JOHN NORTH WILLYS

By Gary Wright, editor

John North Willys was born in 1873 in Canandaigua – a small village in New York. His mother was a homemaker and his father worked in construction

laying bricks. From the beginning John was ambitious and always looking for ways to make money. Even as a child he would buy and sell different items to make a profit. Unless there were something he absolutely needed, John always saved the money he made.

By the age of 15, John went from a very young entrepreneur to a business owner. In the year of 1888, he moved to Seneca Falls NY to join in and become partner with his friend in his own laundry operation. The laundry business was successful for a year, but the partners soon decided to sell. They made \$1000 profit (a lot of money during the time) and split it between the two of them. With the money he made, John attended Elmira College with hopes of becoming a lawyer. Unfortunately, at the age of 18, he lost his father and had to return home to help support his family.

Once he returned home John still refused to work for someone else. He saw that the interest in the bicycle industry was growing, and set up his own shop. After selling bicycles for a short period of time, he quickly expanded his business into bicycle repairs, parts, and kits.

In 1897, John married a woman named Isabel Wie. The following year Willy purchased a sporting goods store that was going bankrupt. With the new shop, he expanded his bicycle business which became a huge success.

In 1899 John visited Cleveland, Ohio. It was here that he saw his first automobile driving down the street. He was amazed by the vehicle, and from here on in his interest in automobiles exploded. By 1900, John's bicycle business was making over \$500,000 per year. He took some of this money and invested in his first automobile. He bought a Pierce automobile for \$900 and used it as a model to try to sell the cars himself. After a year he had only sold 2 cars.

Never a quitter, John also attempted to sell Ramblers. By 1902 he sold 8 cars, and by 1903 he sold 20. Shortly thereafter, he started selling the very popular Overland automobiles. But he soon encountered a problem – he was selling

cars faster than they were being produced. His solution? He bought the company in 1907. There were many

things wrong with the company when he purchased it – cars were not finished, parts were missing, workers were not paid. But despite all odds, Willy was able to turn the company back around and once again lead it to success. He renamed the company “Willys Overland Company”.

By 1908 he had built a new factory. But by the time it was built it was already too small to meet

the demands of sales. It was at this time that the Pope Motors factory in Toledo fell into his lap. It was already set up for automotive production and was large enough to meet his needs. He bought the plant for \$285,000 and moved his company there. By the end of 1910, Willys company was producing over four thousand vehicles a year.

The company continued to grow and expand and from 1912-1917 he became the #2 automaker in

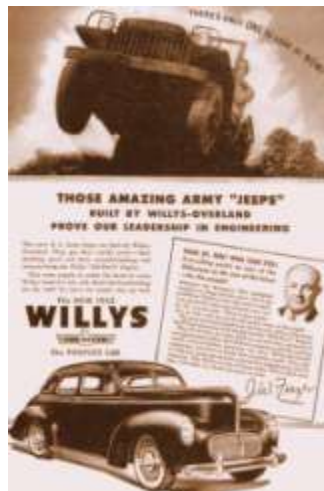

the World, falling only behind Ford. In 1913 he acquired the Edwards Motor Company, which gave him the patent

to manufacture the Knight "sleeve valve" engine (*Stuart and Kathleen Etheridge will be happy to demonstrate it for you at the Central Fall Meet!*). In 1915 he built a headquarters in Toledo, Ohio and employed over 1/3 of the city. From here he continued to acquire more companies including the Moline Plow Co (farm tractors), the Duesenberg factory, and the F.J. Stearns Co.

Hard times would soon fall. In 1920, the Willys-Overland company lost over \$20 million in

revenue due to over-expansion. The plant was sold at an auction for \$15 million. Walter Chrysler became vice president and general manager. The collaboration was successful and fortunes for the company improved. By 1922,

Willys once again had full control of the business. In 1929, production was at an all time high and Willys sold his stock in the company for \$25 million. He remained as chairman of the board.

In 1930, Willys became the first US Ambassador to Poland. He served until 1932 when he returned home. In 1934, Willys and his wife divorced and he remarried a woman named Florence Dolan. His health began to fail him, resulting in a heart attack and stroke within the same year. He would pass away at home in 1935. According to friends, Willy had told him that he had accomplished "everything he wanted to in the automobile industry".

HISTORY CHANNEL'S CAR WEEK

(From an internet link submitted by Mary Bartemeyer)

The History channel plans the first of what it hopes to be an annual "Car Week," launching August 13. The three-night, six-hour event launches with *The Cars That Made America*, a program hosted by stock car racer Dale Earnhardt Jr., who also was the executive producer.

The series uncovers the stories of the visionaries who built America's car landscape, changing our culture and shaping our country forever. History's Car Week will also include a two-hour *Car Country* special,

"enhanced automotive-themed episodes" of *American Pickers*, *Counting Cars* and *Pawn Stars*, and a digital short-form series, "Best Car Ever."

On Wednesday, August 16, the new, two-hour *Car Country* special debuts with "Best Car Ever," which History says will celebrate "America's passion for cars and the nostalgia they evoke with interviews from celebrity car enthusiasts."
